4. Identify

5. *42* The symbol 'obelus' is also better known as ?

6. How is the leader of the online Hactivist group Anonymous known as?

7. *42* X is a graphic design technique that uses computers for presentation and consists of pictures pieced together from the 95 printable (from a total of 128) characters. The term is also loosely used to refer to text based visual art in general. X can be created with any text editor, and is often used with free-form languages. One of the main reasons X was born was because early printers often lacked graphics ability and thus characters were used in place of graphic marks. Identify X.
